

## Savinelli Impero Light 321

**Order number:** 13383

**Hersteller:** Savinelli

Please only sink your teeth in the mouthpiece, not in the pipe. Even if it looks delicious like a freshly plucked orange. So just fill the bowl, light the pipe and enjoy the great smoking properties all Savinelli pipes have in common. The long drying period of 2 to 5 years are unique for a series pipe manufacturer. This ensures very light and well tasting pipes.
